

WOUND UP WITH VICTORY

Spaulding High Defeated
Montpelier High, 7 to 6

IN LOOSE FIELDING GAME

Montpelier Rapped Fisher Hard in the First Inning, but Cutler, Who Replaced Him, Proved a Puzzle.

Game Played at Intercity.

Spaulding's first season ended in a blaze of glory yesterday afternoon at Intercity park. Montpelier received a 7 to 6 trouncing. Fisher, who had not lost a game this year, started in to pitch for the locals, but the Montpelier swarms got to him in the first inning for five hits, and with a free pass to first and a pair of errors, netted a total of five runs. In the second, Cutler was called in from center to do the tossing act and, with a big handicap facing him, Spaulding settled down to play baseball.

Cutler allowed only three hits, and, except for the fourth, his opponents did not score. In this inning Tomassi reached first on Maiden's error and scored later when Williams put the ball to Cutler's grounder. Thereafter they were retired in one-two-three order.

Spaulding's first tally came in the first inning, when Stuart got a life on Tomassi's error, reaching second on Grigg's sacrifice to Sheridan, and scoring later on Maiden's terrific bingle into center for two sacks. In the fourth, after two men had been retired, Hagan was handed a free ticket to first, reached second when Keneffick was safe at first on Pape's error and tallied when Sheridan fumbled Littlejohn's grounder. Both Keneffick and Littlejohn crossed the plate when Stuart banged out a two-bagger.

Maiden scored again in the next inning, on his own two-base hit, a sacrifice by Cutler, and Cutler's failure to field Hagan's slow grounder. Two more marks were registered in the seventh on an error by Sheridan, Cutler's two-sacker, and singles by Williams and Littlejohn. Features of the game were Cutler's aggressive work in the box, a catch by Stuart and Maiden's unusual propensity for wallowing out drives between center and the left garden. The score—

Jeffries Letting Up.

Ben Lomond, Cal., June 11.—From hints dropped by the camp trainers it is understood that Jeffries will loaf during the last week before the battle with Johnson. If this reported decision stands, Jeffries has little more than two weeks of training before him. The greater part of his work in that time is expected to be devoted to boxing with Corbett. Jeffries will not weigh himself. It is figured, however, that he weighs something like 220 pounds now, and it is thought he will shake off about eight pounds more in the next two weeks. During his rest period before the fight, he probably will add five or six pounds.

Won by Knockout.

New York, June 11.—Stanley Ketchel knocked out Jim Smith of New York in the fifth round of a scheduled ten round bout at the National Sporting club last night by a right swing to the jaw.

WHAT BACKACHE MEANS

Generally backache means that the kidneys are diseased. If they are, do not waste a moment, but begin at once a treatment with Kidney's, the greatest of kidney and backache remedies. Delay may mean a fatal ending, so do not delay. Druggists and dealers sell Kidney's at 40c a box, and guarantee satisfactory results.

WOLGAST BREAKS ARM.

His First Fight Since Winning the Lightweight Championship.

Milwaukee, Wis., June 11.—Ad Wolgast's first fight since he took the lightweight championship from Battling Nelson on February 22, was a failure and the champion fractured his right arm. He fought ten rounds with Jack Redmond of Milwaukee in the same ring where he got his start to the championship.

In the fourth round Wolgast injured his left arm on one of Redmond's elbows and in the seventh he snapped a bone in the forearm about three inches above the wrist. Up to the time of the mishap he had a good lead, but he did not work fast except when occasion demanded. From the seventh to the finish he was almost helpless and if Redmond had had any steam he could have knocked Wolgast out.

The newspaper decision gave the fight to Wolgast because of his big lead in the earlier rounds.

TESTIMONY IS QUESTIONED.

Witnesses for Keliher Try to Discredit Coleman—Mrs. Hightower's Credibility Also Assailed.

Roston, June 11.—The attorneys for the defense at yesterday's session of the trial of William J. Keliher, charged with aiding and abetting former bookkeeper George W. Coleman in wrecking the National City bank of Cambridge, attempted to discredit the testimony given by Coleman, who has appeared as the prosecution's principal witness.

On direct examination, Coleman had testified that he had been successful in his stock market operations and that he had made a profit of about \$25,000 in legitimate stock speculation before he began to embezzle the funds of the bank. To offset this testimony, the defense yesterday called to the stand Marvin W. Penner of Cedar Grove, N. J., bookkeeper for a stock brokerage house with offices in New York and Boston.

Mr. Penner testified that Coleman had an account with his firm for about two months, and that during the entire period his winnings exceeded his losses by the small sum of \$180. The maximum value of his account at one time was \$184.00.

J. Hallowell Waring of Montclair, N. J., secretary of the Franklin Savings bank of New York, was called upon for evidence regarding the bank account of Mamie C. Hightower, one of Coleman's friends.

Mr. Waring said that on June 1 Miss Hightower's account showed a balance of \$57.45 and that \$35 was withdrawn June 4. The account was opened with a deposit of \$100 on March 12, 1909. The total deposits amounted to \$2,175. This testimony contradicted that given by Miss Hightower a few days ago, when she stated that she had about \$3,000 on deposit in the Franklin Savings bank.

To show that Coleman's testimony before the federal grand jury differed considerably from that given to the Suffolk county grand jury, John H. Farley, official stenographer of the Suffolk county superior criminal court, testified that he took at Coleman's grand jury examination.

Several witnesses testified that they were acquainted with John H. Marshall, and his signature of description as a voter was introduced. The government claims that Keliher and Martin Walsh assumed this name in dealing with Coleman.

Another witness said he heard Coleman tell proprietor Knight, of a local hotel, that Keliher did not know where the money Coleman gave him came from, except that Coleman told him that he had got it from a rich aunt.

Former Alderman Daniel A. Walton testified that he had heard Coleman make a similar statement. Just after the court adjourned for lunch, attorney Conkley, one of Keliher's counsel, was taken ill, and the case was then postponed until Tuesday.

"FINIS, FINLAND!"

Ecstasies Cry of Reactionary Members of Russian Duma.

St. Petersburg, June 11.—The duma yesterday passed the Finnish bill, giving that body authority over the Finnish diet. The vote on the third reading was 164 to 23.

An victory of the government measure, which has aroused intense bitterness in the duma, was announced. The Nationalists applauded vigorously. Then Vladimir Purishkevich, the president of the reactionary "League of the Achaemen Michael," sprang to his feet and triumphantly shouted: "Finis, Finland!"

ORDERED TO THIRD READING.

Bill to Make B. & M. Improvements Possibly Advanced.

Roston, June 11.—The bill permitting the Boston Holding company to issue preferred stock, for the purpose of improving the Boston & Maine railroad, was ordered to a third reading in the House yesterday by a vote of 128 to 64.

The bill has already passed the Senate and the debate in the House was bitter.

WORKING AGAINST HIM.

Pittsburgh Says Storrow Is Trying to Secure His Recall.

Boston, June 11.—Political animosities of the city campaign last winter were revived yesterday, when Mayor Fitzgerald charged his bitterest opponent, James J. Storrow, with working to obtain his (Fitzgerald's) recall at the end of two years.

"Mr. Storrow will probably deny this," said the mayor, "but I am satisfied that it is the truth."

WOMAN DEAD IN TRUNK IN LAKE

Fishermen Discover Murder Victim in Italy.

WAS AN AMERICAN GIRL

The Wounds on the Head and Body Show That Her Death Was Caused by a Blunt Instrument.

Come, Italy, June 11.—The badly mutilated body of a woman, believed to be that of Mrs. H. N. Castle, who was Mary Crittenden Scott of San Jose, California, was found in a trunk yesterday, submerged in a lake near the village of Moltrasio. Wrapped about the body was a piece of cloth, which bore the initials, "G. L." and from letters found in the trunk, written in English, it appears that the woman in 1908 lived in 34th street, New York City.

The police, basing their opinion on wounds on the head, evidently made by a blunt instrument, believe the woman was murdered and have arrested a Russian named Constantine Lepoloff, 55 years old, whom they suspect of having some knowledge of how the woman met death.

Several persons who had known the woman in life and viewed her body yesterday declared that she had told them she had been married to Porter Charlton, the son of an American naval officer. Charlton is described as being 23 years old and is said once to have been a student at the university of Pennsylvania. The woman apparently was about 35 years old.

When the body was found, it was recalled that recently a young couple had occupied a villa on the shore of the lake. Three days ago they disappeared and have not since been seen by the people of the neighborhood. The woman spoke English. Her companion attempted French, but obviously it was not his native tongue.

It is said that the police believe the death of this woman is in some way connected with the mystery surrounding the finding last April of the body of Miss Estella Reid of New York on the beach near Naples, where it had been washed in from the bay. No reason for such a suspicion is apparent, however. The cause of Miss Reid's death has never been explained.

NEWSBOY'S REWARD.
\$1,000 for Honesty in Giving Up Watch He Found.

Pittsburg, June 11.—Jimmy McKisick, a newsboy, who sells papers at Fifth avenue and Wood street, will receive \$1,000 reward from B. F. Overholt, head of the big distilling firm of that name, for his honesty in turning over to a policeman a watch and diamond fob, valued at \$1,800, which he found after the distiller dropped it in Wood street.

When Overholt discovered Thursday afternoon that his timepiece, which is an heirloom, was missing, he told detectives Frank Morgan and John Dillon he would give \$1,000 reward for it. They soon discovered that the newsboy had found it and had given it to policeman John Kennedy. McKisick lives at 2202 Bedford avenue.

HARDINGE FOR INDIA.

Appointed to Succeed Earl Minto as the Viceroy.

London, June 11.—The appointment of Sir Charles Hardinge, permanent under secretary of state for foreign affairs, as viceroy of India, in succession to the earl of Minto, was officially announced yesterday.

Mr. Hardinge has long been connected with the diplomatic service of England. He was born in 1858, and received his education at Eton and Trinity college, Cambridge. In 1880 he entered the diplomatic service and rose steadily until he became secretary to the embassy at St. Petersburg in 1898. Here he remained until called to London as assistant secretary of the foreign office in 1903. He returned as ambassador to Russia the following year, and stayed until called back as permanent under secretary of the foreign office, the post which he now holds.

GREELY FORTY YEARS OLD.

Colorado Town Founded on the "Go West" Suggestion Celebrates.

Greely, Col., June 11.—Greely, the capital of the new state of Colorado, celebrated the fortieth anniversary of its founding yesterday. The town, now a prosperous city of 15,000 population, sprang from the desire of Horace Greeley and N. C. Meeker of New York and others to found a temperance community in the West, which resulted in the organization of Union colony in New York in December, 1870. Two hundred of the pioneers of 1870 are still residents of Greely.

NO WHITE SLAVE PRESENTMENT.
Judge Tells Grand Jury It Must Return Indictments or Nothing.

New York, June 11.—John D. Rockefeller, jr., who is foreman of the special grand jury appointed January 1 to investigate the white slave traffic, walked into Judge O'Sullivan's court Thursday at the head of a special committee of the grand jury, to offer a presentment. The judge refused to accept it and sent off Mr. Rockefeller when he attempted to speak. What the presentment contained was not disclosed, although it is thought that it might have been a resume of the work done and a request that the jury be discharged. Judge O'Sullivan said:

"I will allow no presentment, nor will I hear any communication from this grand jury or accept anything but indictments."

HOW TO GET FAT

Use Samose, Says Druggist Davis, and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletes, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh-forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food, and extracts the flesh-forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat and restoring the health that D. E. Davis, the popular druggist, sells it under his personal guarantee to refund the money if it does not benefit.

Ottawa, Ont., June 11.—Before leaving for England Thursday, Earl Grey distinguished himself by stopping a runaway horse near Rideau hall, the official residence. His excellency ran out and waved his cane at the horse, but the animal did not recognize the viceregal sign and galloped ahead. Earl Grey grasped the bridle and hung on until the horse stopped. The governor general was unhurt.

TREATY IN PROSPECT

A Trade Agreement is Likely With Canada.

BOTH PARTIES AGREEABLE

Insurgents Inclined to Support House Provision for Tariff Board—Measure Will Probably Be Adopted.

Washington, June 11.—The Canadian government has indicated to the secretary of state its desire to take up as early as possible the subject of the negotiation of a trade treaty with the United States.

Formal action, however, may be delayed until next autumn, because of the anticipated absence of Finance Minister Fielding and Customs Minister Patterson.

The letter from the secretary of state to the dominion government, suggesting the early negotiation of a trade treaty, was sent on May 1 last.

In its reply, the Canadian government expressed its earnest desire to take up formal negotiations at as early a date as possible, but regretted that as Finance Minister Fielding and his associate, Mr. Patterson, the minister of customs, were about to sail to England to be absent several months, it would not be possible to begin formal negotiations before the coming autumn. Mr. Fielding and Mr. Patterson are supposed to have sailed from Montreal yesterday on important government business connected with the Canadian finances, and it is not likely that they will return before some time in August next.

It is confidently expected that soon after their arrival in Quebec a Canadian commission will be appointed to confer with a similar commission from the United States, and there is no known reason why the matter should not result in a formal treaty before the middle of the coming winter.

Insurgent senators practically reached an agreement yesterday to support the House provision in the sundry civil bill, making an appropriation for the expenses of the tariff board. Speeches will be made in the Senate, expressing a preference for a tariff commission, but announcing their acceptance of the House provision.

MANY KILLED BY LIGHTNING.

Thunderstorms of Unprecedented Violence Occur Throughout Germany.

Cologne, June 11.—Thunder storms of unprecedented violence during the past few days have resulted in many fatalities and enormous damage to crops in western and central Germany. It is reported that more than twenty persons have been killed by lightning in the Rhine province alone. While a detachment of soldiers was drilling here yesterday, lightning struck them, killing two and dangerously wounding two others. Destructive cloudbursts are reported from various places in the Harz and Thuringian mountains and the intervening region. During the past two days more than a dozen persons and many animals have been struck by lightning. At Langelsheim, near Goslar, lightning struck a group of children working in a beet field, who had taken refuge beneath a tree. Two were killed and seven injured, some of whom will die.

CHIEF KOHLER ON STAND.

Testifies in Own Defense—Contradicts Witnesses of Prosecution.

Cleveland, O., June 11.—Chief of Police Kohler took the stand Thursday in his own defense at the hearing of the charges against him of immorality and intoxication. He related in detail his movements on three occasions on which he was accused of having been intoxicated. According to the witness, on two of these occasions he was not at any time in the vicinity of the cafes where he was supposed to have been seen by the witnesses for the prosecution. A considerable amount of testimony was offered in support of the chief's statements.

WAR CALLED IMPOSSIBLE.

Statement by Mediating Minister on Relations Between Peru and Ecuador.

Lima, Peru, June 11.—The government is disbanding the volunteers in the infantry, cavalry and artillery. One of the mediating ministers stated yesterday that war between Peru and Ecuador was impossible, but he would not be more explicit.

AGAINST THE OWLS.

Injunction Asked for by the Attorney-General of Massachusetts.

Boston, June 11.—The attorney-general filed a petition in the superior court yesterday asking for an injunction restraining the Order of Owls, with headquarters in South Bend, Ind., from doing business in this state, on the ground that the order has been engaged in the fraternal insurance business without authority.

Correct Summer Clothes

Summer sports generally bring together a lot of well dressed people. If you're going to be there better look after the style, quality and fit of your clothes.

It's a lot of bother for the average man to look after these very important details unless you buy clothes that are known to represent the highest development of the qualities. Here are

fine clothes; best in style, in all-wool quality, fine tailoring, etc. We guarantee a perfect fit.

And yet these clothes cost no more than the ordinary kind—much less, in fact, when the "all-woolness" and general satisfaction are considered.

RIVER MUST DIE.

Condemned to Electric Chair by Judge Harris at Cambridge.

Cambridge, Mass., June 11.—Death in the electric chair in the week beginning July 24 will be the fate of Napoleon J. Rivel of Lowell, convicted of the murder of Joseph Gaillois on Feb. 27, 1908, according to the sentence imposed yesterday by Judge Harris in the superior court.

Rivel was convicted in January, 1909, but his case went to the supreme court and there was a delay of more than a year, while the legal points were under consideration. His counsel yesterday asked that the date of execution be made in September, in order that he might make a plea for commutation before Governor Draper during the summer.

Judge Harris thought there would be sufficient time in the next six weeks for such action.

Rivel heard the sentence with a smile on his face.

Three More Rejections.

Boston, June 11.—Three more appointments of Mayor Fitzgerald have been rejected by the state civil service commission as incompetent, the latest additions to the rejected list being Matthew Cummings for superintendent of public buildings, Joseph P. Lyons for penal commissioner and Morris L. Morrison, as assessor. A majority of the appointments to important city positions since last February have been rejected by the civil service commission, the most notable instance being that of the late Mayor George A. Hibbard for city collector.
